Historical Tallship Sailing LTD

# Historical Tallship Sailing Ltd

Operates and maintains the 100 year old Brigantine Florette, the last of its kind and offers organizations, groups, families and individual sailors a unique way to discover the sea, the country and its people and their culture. We offer and promote environmentally friendly and sustainable tourism.

We have deliberately distinguished ourselves from the currently booming cruise market for the past 40 years.

We have been supporting expeditions and environmental research on climate change and pollution of the oceans for 2 generations.

# LAST SURVIVOR OF HER KIND SAILING SINCE 1921

---

# Come onboard and rediscover the “historic way of sailing” in a unique way.

*Florette still shows after 100 years her astonishing beauty under sail with her massive wooden hull cutting a pathway through the sea. It is truly an elegant combination of beauty and power. Built by the famous Picchotti shipyard in Italy she is today one of the last true wooden Tall ships still existing from the “Old Age of Sail”.*

*The Florette has been run by the Haynes family for over 40 years. Over this time they have built up a wealth of knowledge and experience. Combine this with the friendly family atmosphere onboard and you have the opportunity to experience traditional seamanship, adventure and the Mediterranean highlights in a very different way.*

*„My family, crew and I look forward to welcoming you onboard.“*
