WHO ARE WE ?

Under the company name "Historical Tallship Sailing Ltd", we, the Haynes family, operate and maintain the 100 year old wooden Brigantine Florette – the last of her kind. We offer a unique experience to explore sea, land and people as well as their culture, not only to individual sailors, but also families, groups, and tour operators.

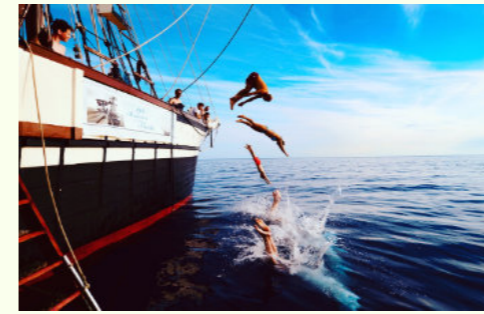

We are proud to be able to provide you with sustainable and environmentally friendly tourism. By sailing together, we also support the preservation of valuable maritime traditions. You can come onboard as voyage crew and actively participate in sailing and life on board all of that in a family atmosphere. We have been supporting expeditions and environmental research on climate change and ocean pollution for the last two generations. With the trademark ECOSHIP and the associated projects such as cargo under sail, with our own coffee brand "VELA VELA", we maintain our values and maritime tradition.

In 20 years you will be more disappointed with the things you did not do than with the things you did.

So untie the knots, run out of the safe harbor and catch the trade winds with your sails.

[Mark Twain (1835 – 1910)]

Are you ready for an unforgettable adventure? One week isn't enough to explore all of the Caribbean's amazing islands and experiences. But don't worry – our voyages are designed to combine two or more legs, so you can really explore the islands and take your time. Plus, we offer special discounts for those who book multiple legs, so there's no excuse not to come explore with us!

This is sailor's paradise

Family Haynes with their Brigantine Florette will take you back in time to experience life as a pirate or explorer on the high seas. We will sail by beautiful rainforest and volcanic landscapes, and relax on white sandy beaches.

Our sailing area, the Greater –Lesser Antilles from Grenada in the south to the British Virgin Islands (BVI) in the north, is a string of islands that stretches over 600 nautical miles, about 1,000 km. The variety of mostly volcanic islands, the tropical climate, the flourishing nature and the almost constantly blowing north–east trade winds make these islands a sailing area par excellence. Nowhere else can you find such consistent wind conditions and such an impressive and diverse tropical nature.

Come experience all that this beautiful area has to offer on our historical tall ship!

There will be many factors that influence our day to day schedule. The wind that freshens up for a nice sail, the fish that is caught for the perfect evening BBQ, or we just fall in love with a quiet bay. We have allowed plenty of time to enjoy and appreciate the islands.

Below a few islands you may discover with us on one of our sailing legs.

The Green Island of Grenada is our most southern port. From here it is approx. 200 nautical miles along the Windward Island chain. Our voyages will start or finish in Barbados, Martinique, Grenada, Guadeloupe.

We will spend sailing the Grenadines. Tropical Caribbean Island Paradise with 32 islands partially uninhabited; shallow coral reefs, white sandy beaches lined with palm trees, and turquoise waters. The volcanic islands of Saint Vincent and Saint Lucia are also scheduled as stops.

Grenada:

Known as the “Spice Island” because all of the nutmeg plantations. The shorelines are covered in white-sandy beaches and the island is rich in lush green vegetation and wildlife.

Tobago Cays:

Visit this world famous marine protected area lined with white sandy beaches featuring many of the Caribbean’s finest snorkelling spots abundant with brightly coloured corals, sea turtles, stingrays, and tropical fish.

Bequia:

Experience a rich seafaring history and culture by roaming the markets in the charming seaside town of Port Elizabeth.

St Vincent:

Take a day to go hiking and chasing waterfalls in the La Soufriere National Park or have a quiet stroll through one of the oldest botanical gardens in the western hemisphere.

There is much to explore in St Vincent including the Pirates of the Caribbean movie set.

St. Lucia:

The majestic Piton mountains are a world heritage site (UNESCO) and their dramatic twin peaks make them one of the most famous and most photographed mountain pairs in the world. Reconnect with nature by hiking these peaks or walk the Tet Paul Nature Trail known as the ‘Gateway to Heaven’.

Martinique:

With it’s unique Creole Cuisine and Rum Agricole, this ‘Island of Flowers’ is a cultural must see.

Dominica:

Venture through the rainforest in this UNESCO World Heritage National Park whose dramatic landscapes are home to the Boiling Lake, Trafalgar Falls, Ti to Gorge, and Champagne Reef.

Maria Galante:

Named after Christopher Columbu’s ship, this tiny unspoiled island is your go to stop for your coffee, chocolate, and rum fix.

Please read on www.svflorette.com under INFO the Rules & Regulations HTS Florette.

We continue our journey north sailing through the Leeward Islands. By this time we will have sailed almost 500nm from Grenada. With the remainder of the 30+ islands left for us to explore many new experiences and hidden gems await us.

Our voyages will start or finish in Antigua, St.Martin & Sint Maarten and Guadeloupe.

Antigua:

Home to 365 beaches and the iconic Nelson's Dockyard (UNESCO) and Shirley Heights, Antigua is definitely a place to have fun!

Kitts & Nevis:

This pair of islands offers everything from the impressive Brimstone Hill Fortress (UNESCO), a round of golf, to rum punches on the beach and impressive landscapes and tropical vegetation.

Sint Eustatius (Statia):

Priding itself with ecotourism (STENAPA), the Quill is home to over 35 endangered or rare species and is overgrown with tropical rainforest. The real treasure lies beneath the surface of the water though. Its protected Marine Park is a diver's paradise.

Saba:

This impressive volcano rises from the sea. Probably the reason that it was used as 'Skull Island' from the 1933 original King Kong movie. Unforgettable marine life is hidden below the waterline. Colourful corals, tropical fish, turtles and even sharks.

Mountserrat:

This 'Emerald Island' offers a reminder of nature's awe inspiring power with its active volcano that last erupted in 1995.

St. Barthelemy:

An escape destination for the rich and famous. Gustavia tiny streets are lined with posh boutiques and restaurants. Luxury yachts line the marina and the bays. The famous Nikki beach is a hotspot for beach goers and cocktails. \$\$\$

St.Martin & Sint Maarten:

The famous Maho beach where people flock to experience the famous airplane landing

Guadeloupe:

This diverse chain of islands offer a bit everything beautiful bays and picturesque beaches or for the more adventurous, a national park with an active volcano, waterfalls and 74,100 acre rainforest.

BVI – British Virgin Islands: This archipelago is comprised of over fifty distinct islands, each with its own unique character waiting to be discovered.

The volcanic islands of the Tyrrhenian Sea off the north coast of Sicily are characterized by wild, unspoilt nature. They are called the "Aeolian Islands" because, according to Greek legend, the god of the wind, Aeolus, once lived here.

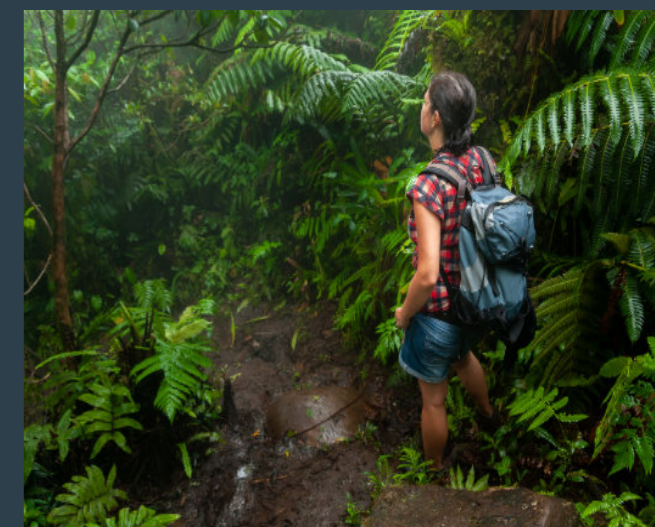

The jewel in the Mediterranean has seven inhabited islands, and each one is different. From lovely green hills to seething craters, you will find a wide variety of unique natural landscapes in a very small space. In 2000 the archipelago of the Aeolian Islands was declared a UNESCO World Heritage Site. Regular volcanic eruptions of the Stromboli offer a true natural spectacle, and the volcanic mountains and

Our guests from all walks of life looking for pleasure, adventure and that something different: Sailing, snorkeling, adventure, kayaking, hiking active volcanos, photography, cultural tours, naturalist tours, culinary tours, water sports, experiencing 6000 year old history, scientific research, or simply taking a relaxing sail through the Caribbean or Mediterranean Islands.

This what sailing is about with the Tallship Florette.

We understand that the wind always has the last say. That's why we don't sail by a fixed plan or timeline - every day is unique and depends on the circumstances around us. Captain Ron Haynes has sailed all his life and has been the Captain of Florette for the past 25 years in the charter business. He with his family and crew will make sure your stay will be very special and unforgettable.

Depending on the sailing area, weather and location, a daily plan will be made. This will give you the opportunity to see the highlights and still be able to relax and enjoy.

We like to support the locals by using their excursions and enjoying their local foods. To give us more flexibility, we provide six meals per week on most voyages which we use best in our daily plans and charge extra if we feel we need more meals on board.

Although you will be embarking on an sailing voyage and the emphasis will be on your enjoyment of the experience, you will be on the vessel as a Voyage Crew Member.

Your role as a Voyage Crew Member will involve you learning about and participating in ship-board life. Allowances will be made for age and abilities. No previous sailing experience is necessary. The term "VOYAGE CREW" defines any persons coming onboard for pleasure and or as an active member of the permanent crew, trainee/ Mitsegler, youths or as a student.

Due to the nature of the ship and activities we require all Voyage Crew Members to be in good health and be fit. We want you to have fun!

Generally, we don't recommend this type of vacation to anyone who is 70 years or older. All seniors over 60 years during voyages in the Atlantic and Caribbean must have a letter of good health from a medical doctor stating they are fit to join the intended voyage.

Before all delivery voyages and Ocean sailings, we require all voyage crew to have an interview with Captain Ron Haynes to discuss if this type of voyage is suitable for you. Especially on longer voyages having a nice constellation of people on board is very important to us, as we will be living together in limited space for sometimes over a month.

The length of the voyage, the voyage crew constellation, and your age, experience and fitness will be considered. Of course, if you have sailed before with us you will be warmly welcomed on board.

Young Sailor

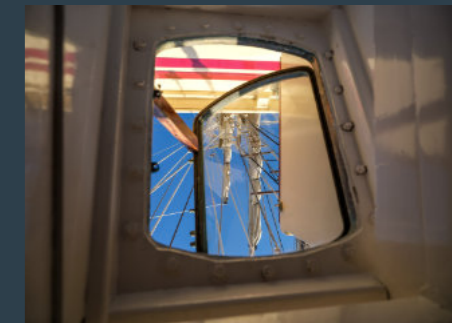

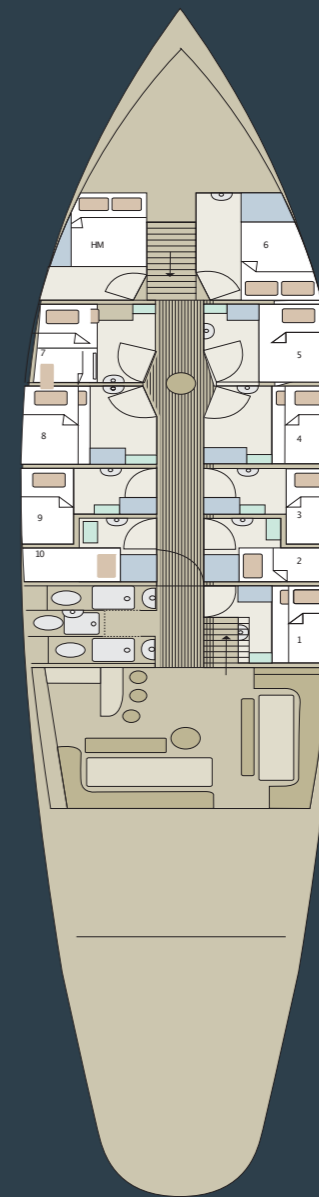

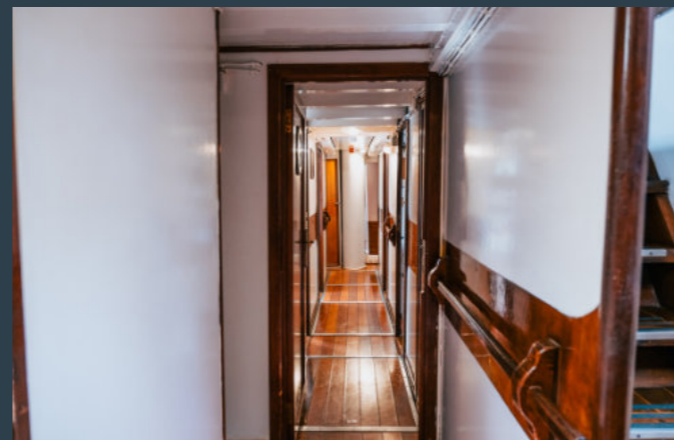

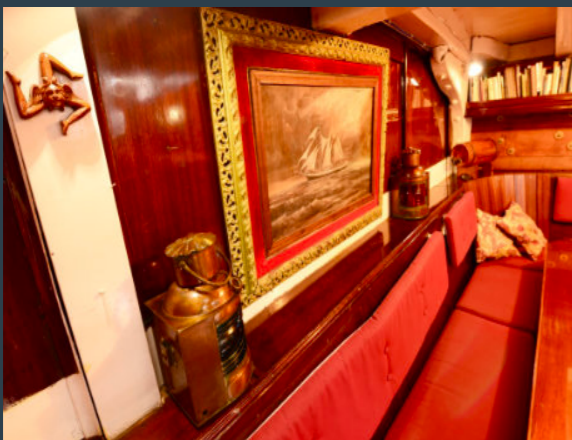

Is any person joining Florette between ages 13-25.

We have on some voyages special rates so young people and families can enjoy this adventure.

People joining under the age of 18 will have to fill out an extra form and have their parent's consent.

Also, in this case you will be required to have an interview with Captain Ron Haynes to discuss if this type of voyage is suitable for you. On certain voyages the cabin may be shared with their parents. Children under 12 years of age come on board for free.

CABINS

There are eleven double cabins on board. All cabins are equipped with running water, a 220V connection, a small table, a cabinet and a big deck hatch for fresh air and natural daylight. The cabins are equipped traditionally with bunk beds (without a ladder) or a small double bed. The beds have spring mattresses, pillows, sheet and blankets. The ship has heating and air conditioning.

Cabin space

The total space is very generous for a maximum number of 27 guests. Nevertheless, the cabins and the sanitary facilities are very small compared to the ones on land. However, once you get used to the very compact design of the bathroom and toilet, you will wonder how such small a space can be used so well. Please note that there is minimal space in the cabin so please avoid bulky luggage like large suitcases.

Hammock sailor

The most authentic and economical way to sail with us is sleeping in a hammock. It's of course not as comfortable as our nice cabins. You will be supplied with a cotton hammock navy style which you can put up in the between 2100 hrs till 0730 hrs or when in a quiet bay at anchor on deck under the Stars.

You will also have a seaman chest for your personal belongings with a size of 80x50x45cm where you have to fit your belongings.

Apart from that, you enjoy the same good company and food. This offer is only available for people aged 30 years or younger. If the ship is not fully booked you may get lucky to upgrade to a shared cabin.
